2005 – 2010

► HOA BINH PRIMARY SCHOOL

From Year 2005 to 2010, I studied at Hoa Binh Primary School.

INTERESTS

In addition to studying web development, I am also a semi-professional basketball player. I have played in many basketball tournaments at district and city levels and now that I leave athlete, I have become a real programmer.

When I have free time, I often watch some science movies and TV shows. Furthermore, I have a great passion for cooking, especially for my family. In general, I spend a lot of my free time exploring new technological advances in the world.
